 - Another sub-bullet, with more text

github.com/rldidenour/beamer-white
derived from
github.com/anishathalye/auriga

A slide with some code

```
/* some code */  
def foo(x):  
    return x**0.5 + 2*x  
  
/* some can be highlighted */  
foo(3)
```

Some explanatory text, in red,
with some monospace text.

There might be some math,
too:

$$\sqrt{x} + 2x$$

A 50-50 split slide

- This side has a bullet
- And another bullet, with text that wraps if it's long

A figure caption
